

## Smart Power introduces the wall-mountable Office UPS for custom installations

The Office UPS can now be installed on walls or any flat surfaces for ease of use.

Benefits:

- Clean/Neat Appearance
- Save Space
- Theft Resistance
- Clear View of Power and Fault LED

### SECURING UNIT TO WALL

Install the screws or nails on the wall or surface where the Office unit will be placed. Using mounting slots on back of Office unit hang unit on the screws/nails.

Tools/hardware needed:

- Screwdriver and/or hammer
- Screws, nails/screw anchors for drywall installation
