

## Smart Power introduces the wall-mountable Guardian for custom installations

The Guardian can now be installed on walls or any flat surfaces for ease of use.

### Benefits:

- Clean/Neat Appearance
- Save Space
- Theft Resistance
- Clear View of Power & Fault LED

## SECURING UNIT TO WALL

Install the screws or nails on the wall or surface where the Guardian will be placed. Using mounting slots on back of Guardian hang unit on the screws/nails.

### Tools/hardware needed:

- Screwdriver and/or hammer
- Screws, nails/screw anchors for drywall installation
