

SMARTSURGE
 SURGE SUPPRESSOR

Protects Your Copier and
 Other Office Equipment
 Against Lightning and
 Big Surges

SmartSurge is the most effective power protector in its class

The SmartSurge is ideal for providing power, network and telephone line protection for "All-In-One" office equipment. It also protects, fax machines and "managed print services" devices. Increases life span of your office equipment and protects your investment.

Benefits of SmartSurge:

- ▶ Safeguards your connected equipment against destructive surges
- ▶ Provides protection for RJ11 (phone line) and RJ45 (network or modem)
- ▶ Single outlet protects your All-In-One equipment against damage by plugging other loads
- ▶ Equipped with resettable overload protection

Protects All-In-One Office Equipment

(Fax, Scanner, Printer)
 Requires Power, Telephone Line
 and Network Line Protection

If the Smart Power Systems' equipment fails and allows a surge to pass through and damage the connected equipment, Smart Power Systems will pay for the repair or replacement of the connected equipment up to \$25,000.

What is the SmartSurge?

The SmartSurge is a surge filter that protects All-In-One and small office equipment including multi-functional devices, copiers, printers, "managed print services" devices, fax machines, and other office equipment from destructive surges.
